**LAZ Parking New York & New Jersey LLC

New York, NY 10018**

LAZ Parking is now accepting proposals for quarterly Generator Preventive Maintenance, and Repair Services at the Battery Parking Garage. This RFP's objective is to select a qualified vendor with experience in Generators/Automatic Transfer Switch maintenance and repair to offer the Battery Parking Garage the services necessary to maintain Generators (Manufacturer: Kohler) and all connected Generator equipment - Engine (Manufacturer: Detroit), and ATS (Manufacturer: Asco) in optimal conditions. These services must be in accordance with industry standards for Preventive Maintenance (PM) and service work, and they must be completed in accordance with the manufacturer's recommendations.

LAZ offers opportunities for firms through a public solicitation known as a "Request for Proposals" (RFP). LAZ's objective in issuing an RFP is to publicly offer and promote specified competitive bids or proposals. The goal of the RFP process is to attract strong and viable proposals.

LAZ's selection criteria include the financial strength, demonstrated management expertise, business plan and track record of the Contractor, as well as the bid or offer. The RFP, therefore, requires the completion of an extensive application.
