Section One: Introduction

**LAZ Parking New York/New Jersey LLC
333 West 39th Street, Suite 602
New York, NY 10018**

LAZ Parking is now accepting proposals for Electrician Services for the Battery Parking Garage at 56-80 Greenwich Street, NY, NY 10006.

LAZ offers opportunities for firms through a public solicitation known as a "Request for Proposals" (RFP). LAZ's objective in issuing an RFP is to publicly offer and promote specified competitive bids or proposals. The goal of the RFP process is to attract strong and viable proposals.

LAZ's selection criteria include the financial strength, demonstrated management expertise, business plan and track record of the Contractor, as well as the bid or offer. The RFP, therefore, requires the completion of an extensive application.

The *Contractor's Qualification Statement* (CQS) must be filled out completely; incomplete CQS forms will be returned and may disqualify a proposal.

Section Two: Request for Proposals-Rules & Regulations

The Property: This RFP booklet is accompanied by the *Scope of Services* to be performed at the Battery Parking Garage –

Section Five: Scope of Services to Provide Electrician Services for Battery Parking Garage

I. Introduction and Overview

LAZ Parking ("LAZ") is pleased to invite you to submit a proposal in response to this Request for Proposals ("RFP") for Electrician Services for the Battery Parking Garage located at the primary addresses of 56-80 Greenwich Street, New York, NY 10006. The scope of work may include any task requiring the expertise of a qualified, licensed electrician, encompassing troubleshooting, repairs, upgrades, and new installations of electrical units necessary for the efficient operation of the garage's infrastructure. The Contractor must be available for regular repair and maintenance calls as well as emergency service calls for a duration of five years.

II. Facilities

The Battery Parking Garage comprises the Original Garage and the Garage Addition, situated at the primary addresses of 56-80 Greenwich Street, New York, NY 10006. Additionally, other entrances and exits are located at or near the following addresses:

- 20 Morris Street, New York, NY 10006
- 81 Washington Street, New York, NY 10006

III. Scope of Services

LAZ Parking invites proposals for Electrician Services for the Battery Parking Garage at 56-80 Greenwich Street, NY, NY 10006. The comprehensive scope of work encompasses the following:

1. Electrical Maintenance:

- Routine inspection and upkeep of all electrical circuits and systems within the garage.
- Testing and maintenance of electrical components to ensure optimal performance.
- Regular cleaning and servicing of electrical equipment to prevent malfunctions.
- Semiannual inspection and preventive maintenance to be conducted by the Contractor:
 - The first inspection shall occur between March and April.
 - The second inspection shall occur between October and November.
 - These inspections will involve thorough checks of all electrical systems and components to identify any potential issues and perform preventive maintenance measures to ensure the continued functionality and safety of the garage's electrical infrastructure.
 - The vendor must provide a detailed report after each inspection, documenting findings, any maintenance performed, and recommendations for further action if necessary. This report should be submitted promptly following the completion of each inspection to facilitate transparency and accountability in the maintenance process.

2. Repairs:

- Prompt diagnosis and troubleshooting of electrical issues.
- Repair of electrical systems, fixtures, and wiring as needed.
- Replacement of faulty components to restore functionality.

3. Installations:

- Installation of new electrical units, fixtures, and lighting systems, meeting safety and efficiency standards.
- Integration of energy-efficient solutions to reduce power consumption.

4. Emergency Services:

- Immediate response to emergency electrical issues, including power outages and equipment failures.
- Rapid deployment of repair teams to address critical electrical failures.
- 24/7 availability for emergency service calls to minimize disruptions to garage operations.
- The cost of emergency service calls shall be paid at the hourly labor rate(s) applicable to the actual time during which the work was performed. Time shall be billed based on actual time spent performing the required repairs.
- There is no additional or separate compensation for travel time or expenses related to travel. As indicated above, this cost should be included in your loaded hourly rates.

5. Compliance and Safety:

- All work shall conform to the best industry practices, the requirements stated herein, and shall comply with all codes, rules and regulations of the Standard Rules of the American Institute of Electrical Engineers, the National Electric Code, the National Manufacturer's Association, the National Electrical Safety Code, and the New York City Fire Code (Local Law 5/73). Where one or more of these standards are inconsistent, the more stringent standard shall apply.
- The Contractor shall be responsible for compliance with applicable laws, codes, rules, regulations, and standards in accordance with OSHA and New York State Labor with respect to safety and health.
- Documentation of all work performed, including inspections, repairs, and installations, to ensure compliance and accountability.

6. Attachments

- Exhibit 1 – One Line Diagram - Original Garage SLD
- Exhibit 2 – One Line Diagram - Garage Addition SLD

The Electrician Services provided will play a crucial role in maintaining the functionality and safety of the Battery Parking Garage's electrical infrastructure, to ensure uninterrupted operation and optimal performance.

IV. Licensing and Insurance Requirements

In addition to the specifications outlined in Section Three – “Type of Insurance Required by the

Successful Bidder”, the selected electrician or electrical service provider must meet the following criteria:

1. Hold a valid Electrical license issued by the State of New York.
 - Carry adequate insurance coverage, including general liability insurance and workers' compensation insurance, to protect against any liabilities or damages that may arise during performance of contract work.

V. Additional Requirements

- Upon completion of work, the Contractor shall clean up the work area and remove all debris generated during the performance of the work.
- Before leaving the site, the contractor must submit a service ticket detailing the work performed, parts used, labor hours, and any identified unresolved issues. The signed work ticket by the facilities manager is to be submitted with the invoice.
- The Contractor shall respond to emergency calls and/or emails within (2) hours on regular business days and within (3) hours on weekends and holidays.
- The Contractor shall check in with the LAZ manager who assigned the work within (2) hours of the initial call or notification of the need for service and provide an estimated time of arrival.
- The Contractor shall practice acceptable safety precautions to avoid harming any persons or property while performing services under this RFP or any resulting contract.
- All work must be coordinated and scheduled in advance with the LAZ facility manager.

VI. Record Keeping

The Contractor shall maintain a work record showing: actual work/tasks performed, arrival and departure times of employees and equipment for each task, equipment hours, work, and equipment hours used on each task, description of the work performed, the location of the work performed, and any other information required by the Garage Manager.

VII. Special Instructions

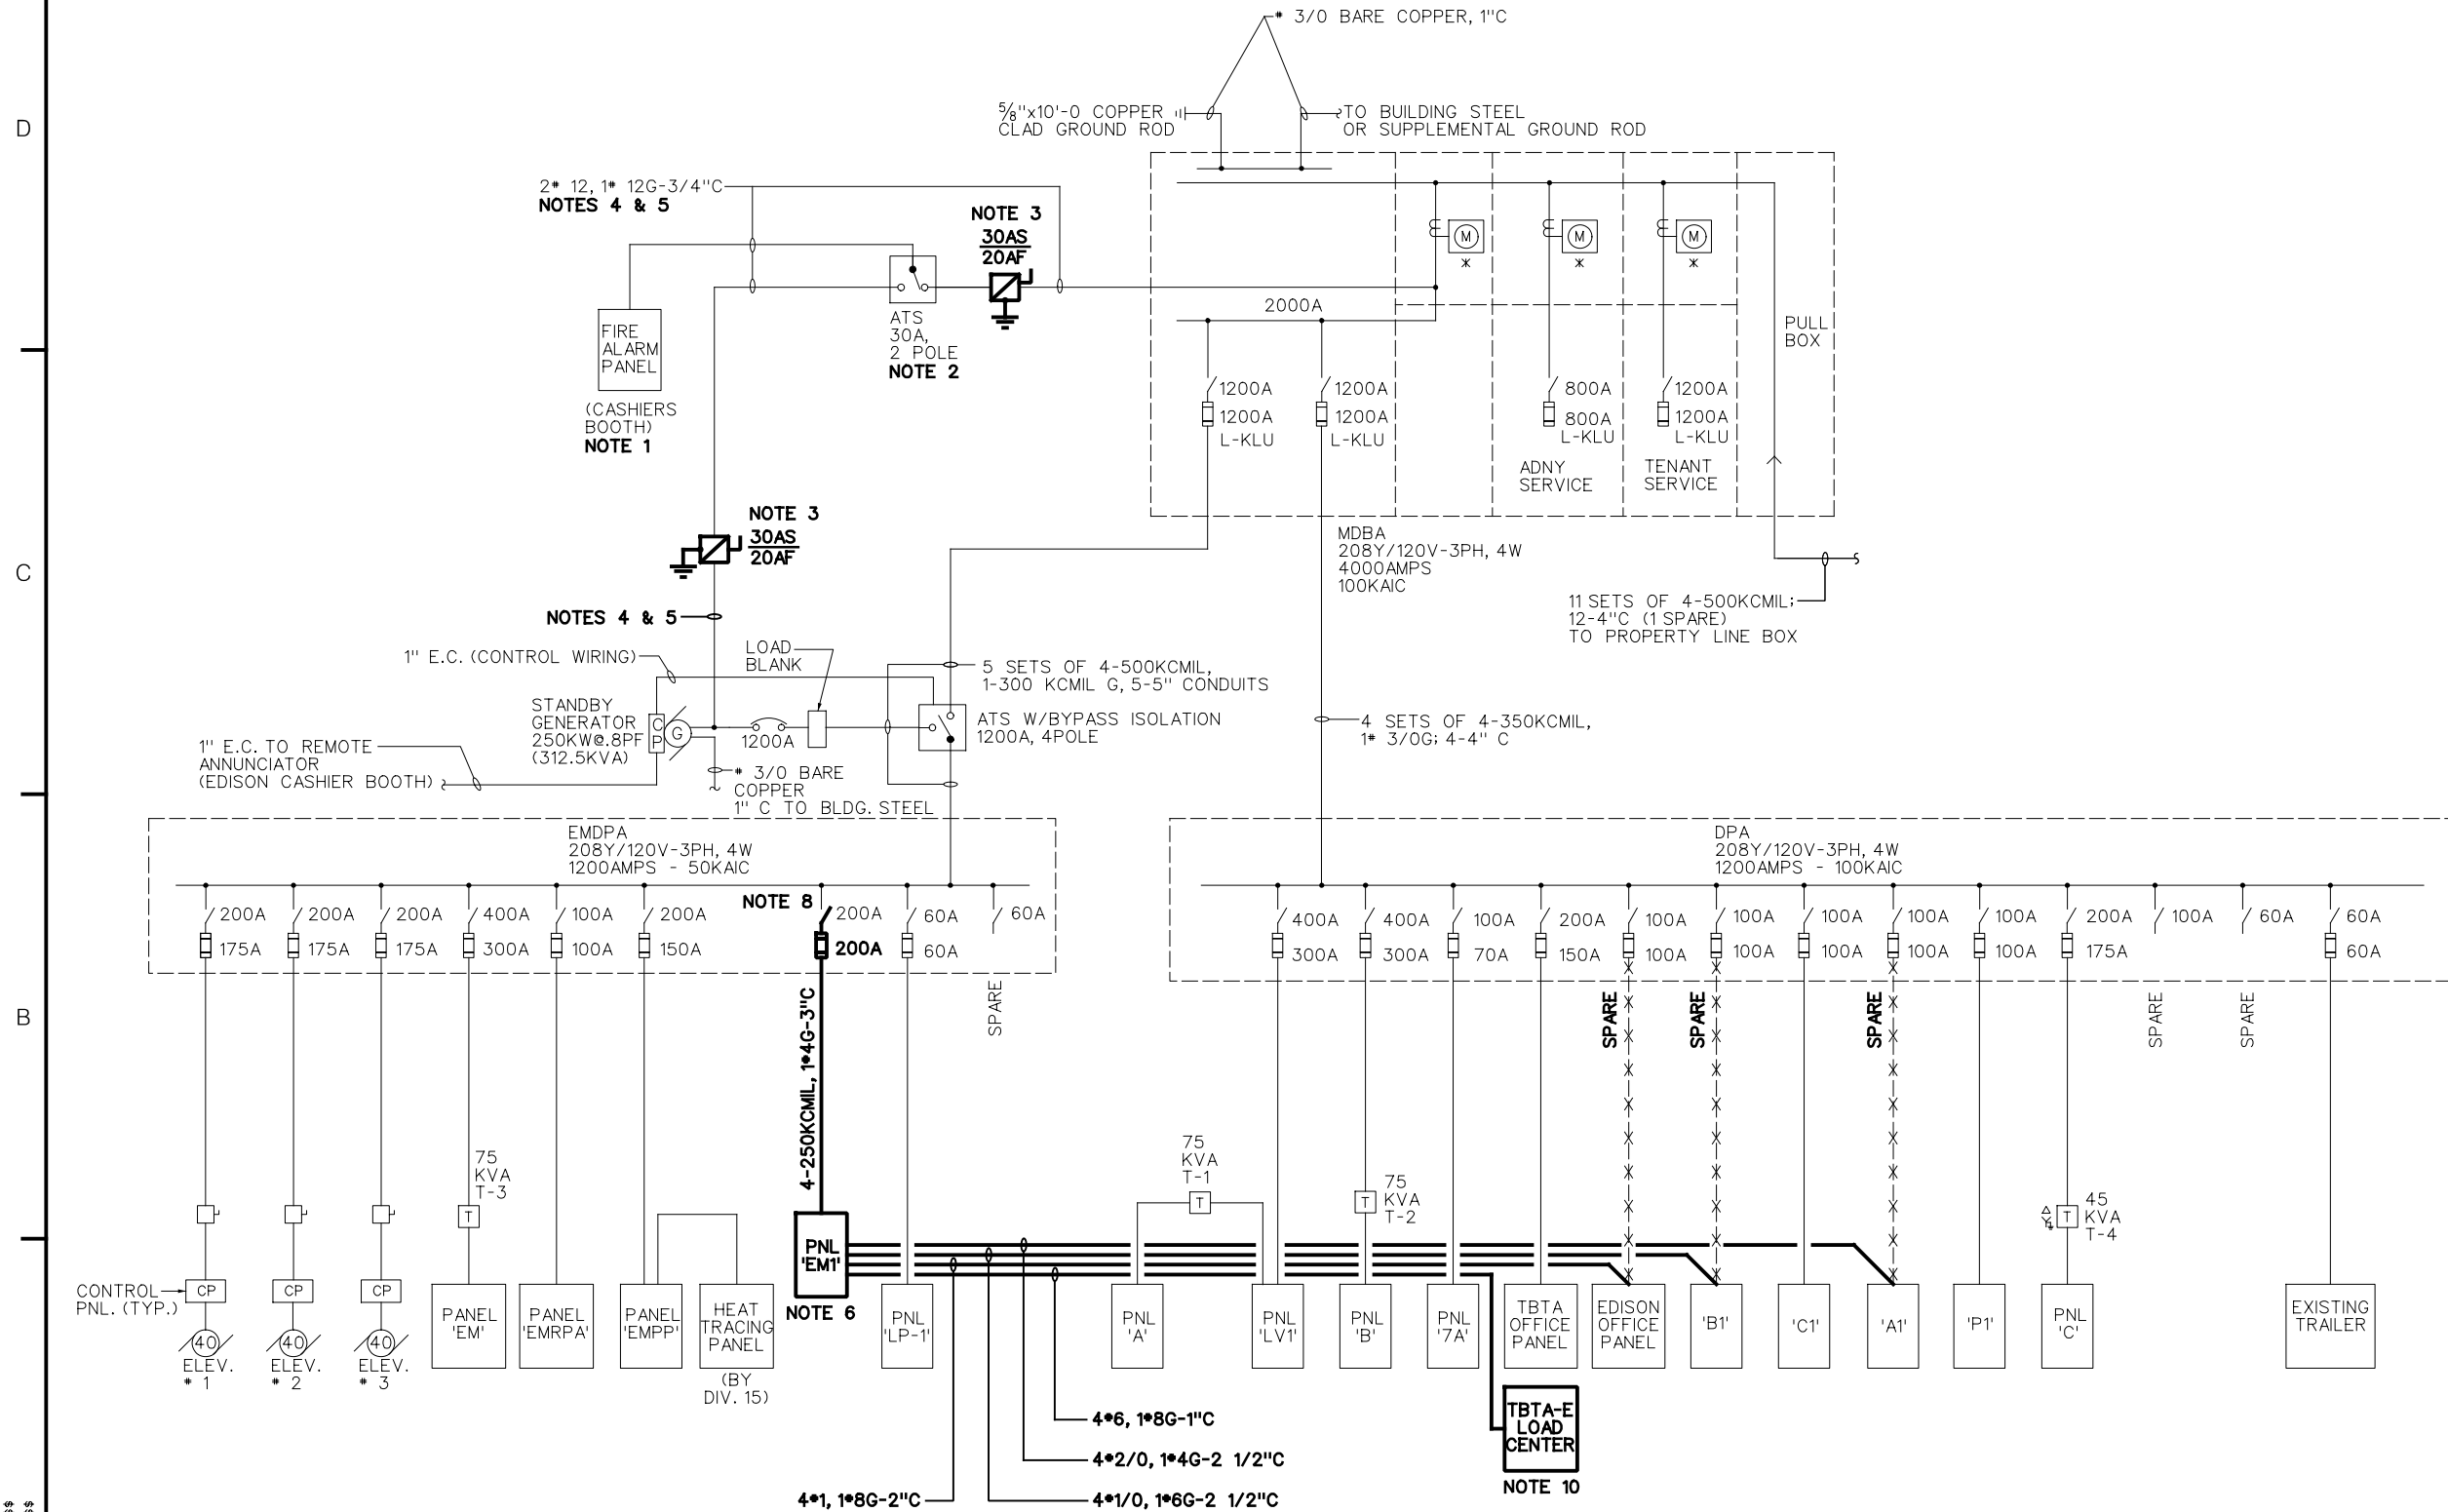

- Contractor shall provide a cost proposal for all work assigned and obtain Laz’s approval before commencing any work and/or exceeding the approved estimated cost without prior approval will be grounds for rejecting payment request.
- All cost proposals shall include labor, materials, and incidentals to complete the task assigned.
- LAZ reserves the right to use alternate sources for completion of the work and to obtain competitive prices on any repair.
- Assignability of Contract: LAZ Parking reserves the right to assign the contract to Metropolitan Transportation Authority, Triborough Bridge and Tunnel Authority, or a successor operator to LAZ Parking. The Contractor shall have no right to assign the contract without the express written consent of LAZ Parking.

Section Six: Payment

1. Work under this contract shall be paid on a time and material basis.
2. Work shall include all labor, material, equipment, and incidentals to complete task.
3. Payment for travel time shall not be submitted as a line item, therefore it shall be included in the contract price bid.
